

Monthly Instructional Guide Checklist

April

Texas SPED Support's Monthly Instructional Guides help special education teachers in self-contained classrooms navigate the school year. Each month contains relevant content and resources. For more in-depth information on each checklist item, please visit the [April Monthly Instructional Guide](#).

This month's focus is on acknowledging progress. This is where you celebrate the results of all the hard work you have accomplished while implementing the best practices from the [Rubric of Effective Practices for Students with Complex Access Needs](#) and the [Administrator Companion Document to the Rubric of Effective Practices for Students with Complex Access Needs](#).

- ☐ Acknowledge personal growth.
- ☐ Celebrate student accomplishments.
- ☐ Recognize staff successes.

Final Thought: Celebrate growth.
