

Daily Intervention Dosage Log

This daily dosage log enables administrators and instructional coaches (ICs) to evaluate intervention components on a daily basis. Additionally, it assists teachers in assessing the fidelity and effectiveness of their intervention implementation.

Fill out this log each day. If an intervention is not scheduled for a given day, or could not be offered, circle or check “N” under the column “Intervention offered?” and leave the rest of the row blank. On days when the student receives intervention (Student present = Y), indicate the duration (minutes) or frequency (e.g., number of check-ins) of the intervention, rate the extent of student engagement, and then rate if the intervention is implemented as planned.

Student Name: _____ Date: _____

Start Time: _____ End Time: _____ Circle/check intervention domain: Non Academic Academic

Write a description of the intervention:

	Intervention offered?		Student present?		Intervention duration (minutes) or frequency		Student engaged? 1 = no 2 = partially 3 = yes			Intervention implemented as planned? 1 = no 2 = partially 3 = yes		
Monday	Y	N	Y	N			1	2	3	1	2	3
Tuesday	Y	N	Y	N			1	2	3	1	2	3
Wednesday	Y	N	Y	N			1	2	3	1	2	3
Thursday	Y	N	Y	N			1	2	3	1	2	3
Friday	Y	N	Y	N			1	2	3	1	2	3

Notes:
